

BUILD YOUR SUCCESS

FROGCustom™ is the powerhouse in your shop that takes your production line to the cutting edge of industry techniques and capabilities. A turnkey CNC fabrication system, custom designed and manufactured to achieve the production results you need in a fraction of the time and cost of traditional fabrication methods, FROGCustom™ combines the industry leading quality and precision that defines all FROG3D® manufacturing systems with the unique functions and capabilities that your business demands.

Identifying and developing custom production tools for your business is the most direct means of increasing production efficiencies, lowering production costs, and targeting larger and more lucrative contracts. FROG3D® is well-known for its innovative range of 3D CNC fabrication solutions. FROGCustom™ harnesses all the strength, power, and knowledge of FROG3D®, and leverages it to design and build a custom fabrication solution specific to your needs.

Coupled with extensive consultation with the FROG3D® experts, who bring over 40 years of industry knowledge and experience, FROGCustom™ ensures you get the highest ROI out of your equipment by engineering the precise production solution you need for accelerated business growth and success.

HOW IT WORKS

LET FROGCUSTOM™ GIVE YOU...

- **Increased Productivity** – Resolve key production challenges with an automated fabrication solution that improves production efficiencies and removes the challenges and issues currently impacting production speed.
- **Reduced Production Costs** – Harness the power of automation to go faster, bigger, and better for less. Reduce expensive skilled labor needs and costly human errors while increasing production volume and quality.
- **Expanded Product Lines and Markets** – Replace onerous manual processes with a custom automated solution to expand production capabilities. Take on new markets, expand product lines, and grow your business.

KEY FEATURES

- **Client Driven Approach** – A collaborative, client led design and manufacturing process focused on reaching the solution you want. We don't tell you. You tell us.
- **PMP Certified Consultation and Support** – Professional planning and project management throughout the entire FROGCustom™ process. Clear benchmarks, transparent tracking and reporting, and focused objectives keep your project on track and successful.
- **Experienced Custom Build Engineering** – Move forward with confidence knowing that the FROGCustom™ team brings over 40 years of experience in the design, engineering, and manufacture of FROGCustom™ solutions.
- **North American Manufacturing** – All FROGCustom™ solutions are manufactured in-house in North America. Single source manufacturing from the same company that designs, engineers, trains, installs, and supports your system.
- **State-of-the-Art Design & Manufacturing Facility** – Cutting-edge manufacturing center specializing the fabrication of custom CNC equipment.
- **Extensive Quality Assurance Process** – Multi-stage testing process ensures full functionality prior to shipping.
- **Specialized On-Site Installation** – Expert installation by the FROGCustom™ team to get you up and running quickly and easily.
- **Comprehensive training and technical support** – Streamline backs up each of our products with second-to-none training programs and technical support to get you up and running quickly

THE FROGCUSTOM™ ADVANTAGE

Investing in a custom manufacturing solution is a big commitment. Mitigate your risk by partnering with a team that has the focused, specialized knowledge and skills you need to ensure you get the highest ROI possible. Over 40 years of experience with custom fabrication coupled with a state-of-the-art manufacturing facility makes FROGCustom™ the strongest partner for your business growth. Maximize your production capabilities, crush your pain points, and dominate your markets with an equipment solution that targets your unique goals and needs. Move forward with the confidence that comes from having an expert team that stays with you from the first consultation to the final day of training. Industry leading technology. Industry leading support. Industry leading success. Seize your advantage with FROGCustom™.
